Cleanliness in the food and beverage industry, the chemical industry and the pharmaceutical industry is subject to strict requirements. These are met with our **Euro-Top Hygienic**. Thanks to its compact construction and extremely smooth surface, the cable gland is easy and cost-effective to clean. Its high tightness also prevents the ingress of dirt and foreign particles. For a clean solution.

### Applications:

- Food industry
- Beverage industry
- Pharmaceutical industry
- Clean room technology
- Biotechnology
- Chemical industry

### Advantages:

- Compact construction
- Even surface
- No accumulation of harmful microorganisms
- Simple, quick and cost-effective cleaning using a high-pressure cleaner
- Resistant to chemical cleaning agents
- No corners for dirt to collect
- High tightness
- No ingress of foreign particles into the enclosure
- High strain relief thanks to internal strain relief element
- EHEDG certified
